Core Services

What we do

- **General Electrical Maintenance**
  Fault finding, electrical repairs and routine maintenance.
- **Electrical Safety**
  Smoke alarms, RCDs, safety inspections and electrical compliance work.
- **Lighting & Power**
  Downlights, switches, power points, ceiling fans and lighting upgrades.
- **Switchboards & Upgrades**
  Switchboard repairs, circuit protection and electrical improvements.
- **Solar & Battery Services**
  Solar fault diagnosis, maintenance, inverter replacements and system upgrades.
- **Renovations & Property Improvements**
  Electrical installations for renovations, refurbishments and property upgrades.

Who we are

A Local Business. Built on Strong Foundations.

Westcoast Energy Electrical & Solar is a Perth-based electrical contracting business founded by long-time friends and electricians Matthew Wellstead and Mark Porges.

Built on a shared commitment to quality workmanship, clear communication and genuine customer service, Westcoast Energy brings a personal approach to professional electrical services.

We understand the demands placed on property managers — from coordinating access with tenants to managing maintenance requests, safety requirements and owner expectations.

Our approach is straightforward: deliver dependable electrical solutions, communicate clearly throughout the process and make managing property maintenance easier.

What makes us different

Our Approach

- **Dependable electrical solutions**
  Work done properly, the first time, by qualified electricians.
- **Clear communication throughout**
  You know what is happening at every stage of the job.
- **A personal, founder-led service**
  The directors stay accountable for the work.
- **Built for property managers**
  Making managing property maintenance easier.

How We Work

From work order to invoice

01 **Work Order Received**
Request logged and scope confirmed with the property manager.

02 **Access & Scheduling**
Access coordinated with tenants and attendance confirmed.

03 **Electrical Works Completed**
Carried out safely and tidily, with minimal disruption.

04 **Reporting & Invoicing**
Clear job notes, issues flagged and a straightforward invoice.

Making Property Maintenance Easier.

Property management partnerships

Managing properties means balancing tenant needs, owner expectations, maintenance requirements and tight schedules. We make electrical maintenance straightforward, with clear communication, professional service and practical solutions.
